About Wings Over Illawarra

Wings Over Illawarra is the largest annual airshow in Australia and a premier event on the Aviation enthusiast's calendar, in 2022 attendance is expected to be more than 35,000 visitors.

In 2022 Wings Over Illawarra will incorporate a General Aviation precinct featuring static aircraft displays along with industry exhibitor sites for aviation suppliers, manufacturers and service providers.

The continuation of the GA precinct will provide the aviation community with a GA/RA industry event alongside Australia's premier annual airshow, while showcasing “grass roots” aviation to the general public and hopefully inspire new members.

We appreciate that many of those wishing to fly-in to the event will have last light issues at that time of the year, and so to assist in making things easier, we have decided to close out the air display and lift the TRA at 16:00 on Saturday and Sunday, considerably earlier than previous years. In addition, we have now been successful in gaining approval for underwing camping, in the large aircraft parking area on the western side of the airfield, so pilots may choose to camp overnight and depart the following morning prior to the TRA beginning at 10:00.

The aircraft parking area is located within the display box, and therefore will need to be vacated during the flying displays, however a shuttle bus will be provided to ferry pilots and their passengers between the event site and parking area/campground.

We are working with the industry organisations to help promote the event to the aviation community and exhibitor sites within the aviation precinct are free of charge to the aviation industry.

The event will provide opportunities for industry knowledge-sharing, networking and business.

We would like to encourage exhibitors to bump in on Thursday to be ready to inspire the students attending the Schools & Careers Day.

The organisers of Wings Over Illawarra are committed to making this event a major success for all parties and will ensure it becomes an anticipated event on the Australian aviation community's calendar.

INVEST IN YOUR BUSINESS!

Why Exhibit?

Exhibitions are proven to be one of the most efficient, effective, and successful marketing activities available to businesses today for establishing and maintaining customer relations. In an increasingly digital age, they are one of the few remaining mediums where buyer, seller and product physically come together, and buyers can see, touch, and try your product for themselves. The old-time values and power of face-to-face contact with your customers is often overlooked, visitors can question, challenge and debate, and exhibitors can give and seek information. Most importantly, business is conducted face to face - the most persuasive form of selling, and of building customer relationships.

Wings Over Illawarra will provide businesses with opportunities to:

- Generate sales leads from qualified buyers.
- Strengthen and build your brand profile.
- Ideal platform to launch new products and receive immediate feedback.
- Carry out market research with immediate results.
- Broaden customer database with an anticipated attendance of over 35,000
- Maintain customer relations and give existing customers the opportunity to view a wide selection of your products at one time.
- Conduct business face to face whilst customers examine your products.

Many of our exhibitors will also be present on the Schools and Careers Day on Friday 11 November.
